

Paediatric First Aid Refresher

For parents, family members and carers

– with **Dr Liam Zetterström-Healy + Dr Carolyn Barcoe**

Two of Charlbury's resident doctors (and preschool parents) will lead a hands-on refresher on essential first aid care for infants, toddlers and young children, ensuring you are more confident assessing and prioritising actions in an emergency. Topics and situations to be covered:

- *Choking incidents, including practice with a dummy*
- *Swallowing incidents and when to be concerned*
- *Burns and scalds*
- *Head injuries*
- *Cuts and bleeding (compression techniques)*
- *Red flags in infections*
- *Recovery position and more!*

Wednesday, 16th October 8-9pm

Charlbury Preschool (The Old Grammar School)

Doors open at 7:30

Pre-order tickets online: £5

Tickets at the door: £8

The material is recommended for anyone who spends time around infants, pre-school or primary school-aged children and would benefit from basic first aid knowledge. The event is not affiliated with OFSTED or any regulatory body - no certification will be awarded upon completion.
